Opening Interactive Whiteboard Lessons

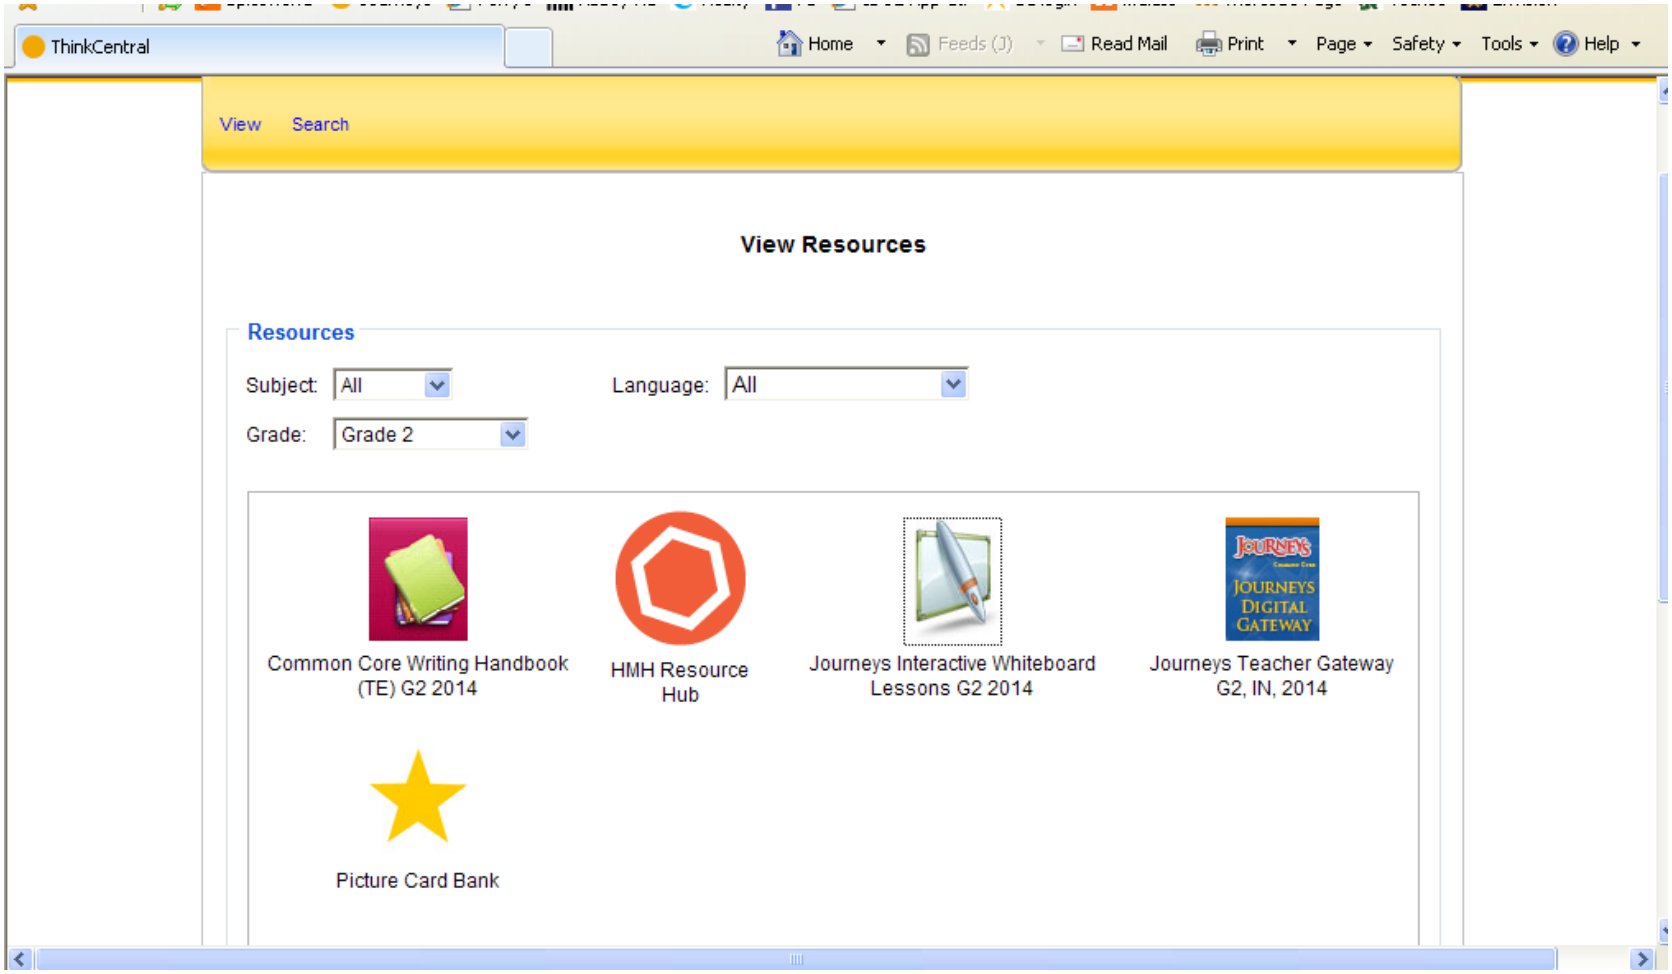
For

Indiana Journeys Common Core

Resources

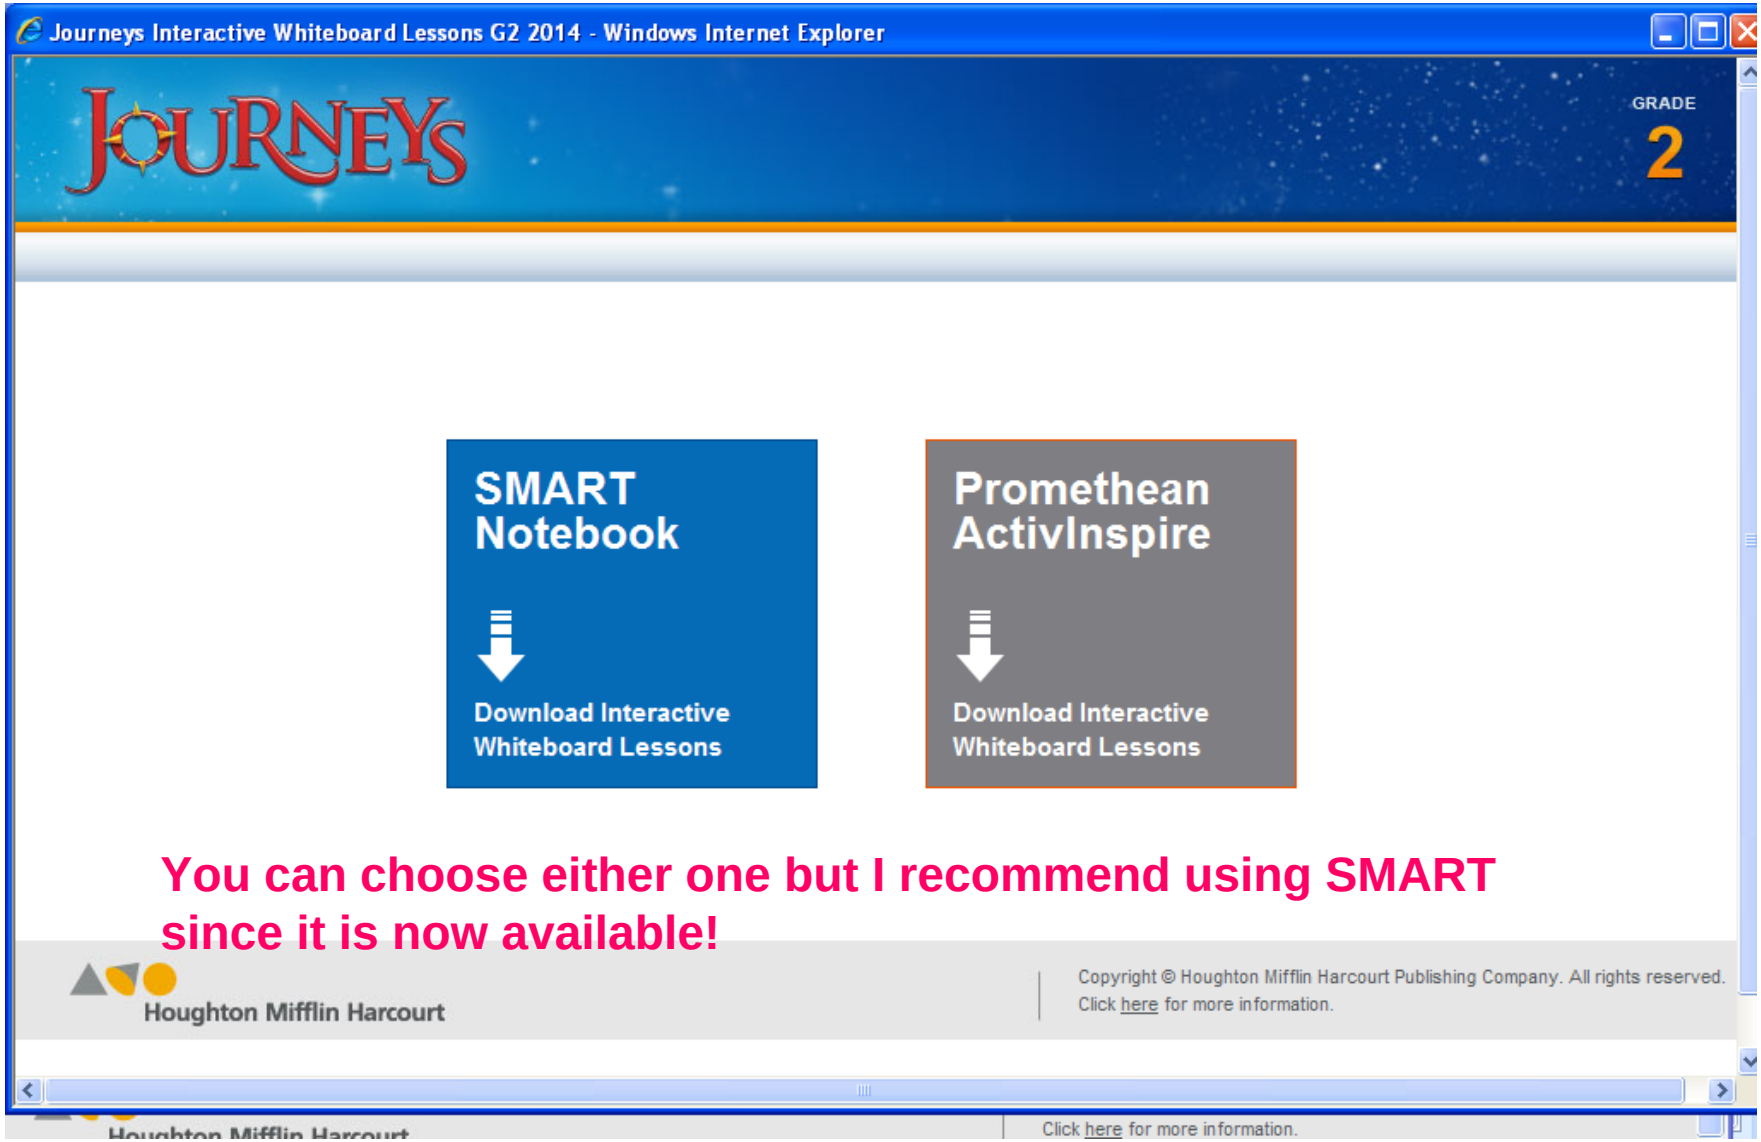
- IWB lessons by grade
  - These lessons use ActivInspire that has already been installed on your teacher & presentation computer
    - This is very similar to SMART Notebook
  - NEW – option to use SMART Notebook!!
- You can download:
  - The entire unit
  - The entire lesson
  - or individual strands

Click Resources, then View to get this screen

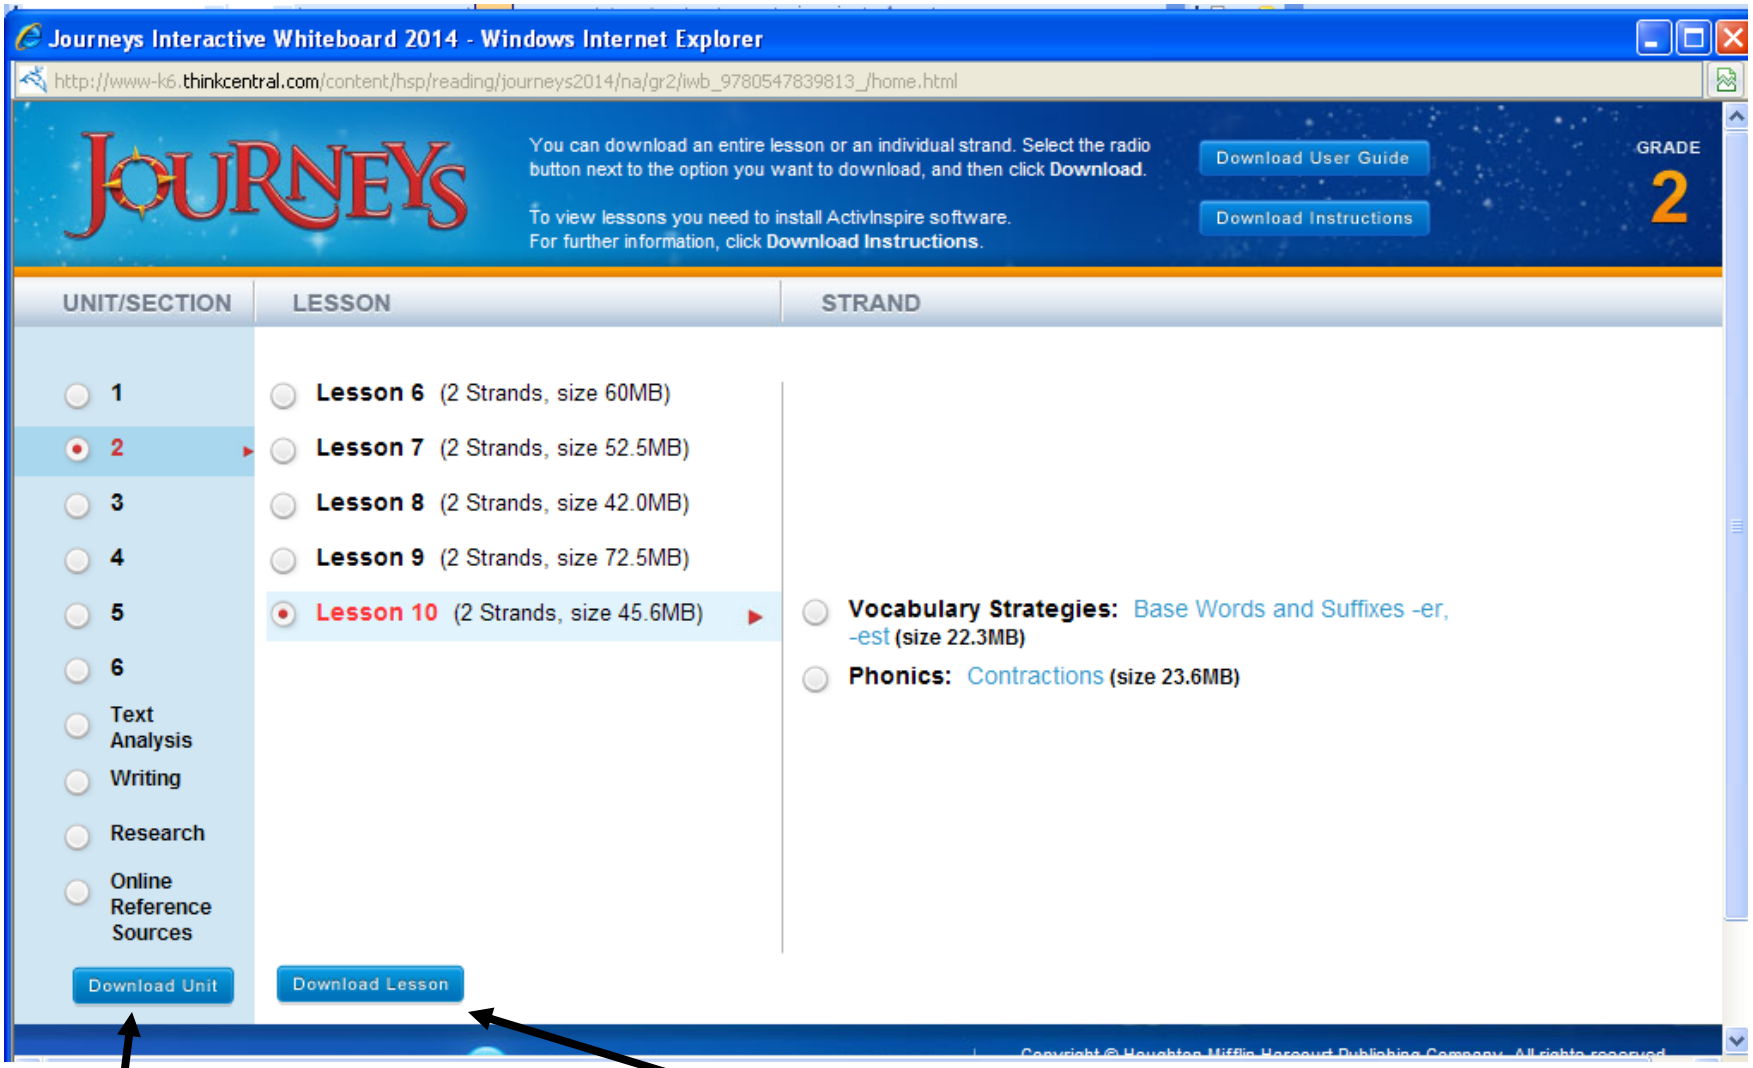


Click on Journeys Interactive Whiteboard Lessons

You will get this screen

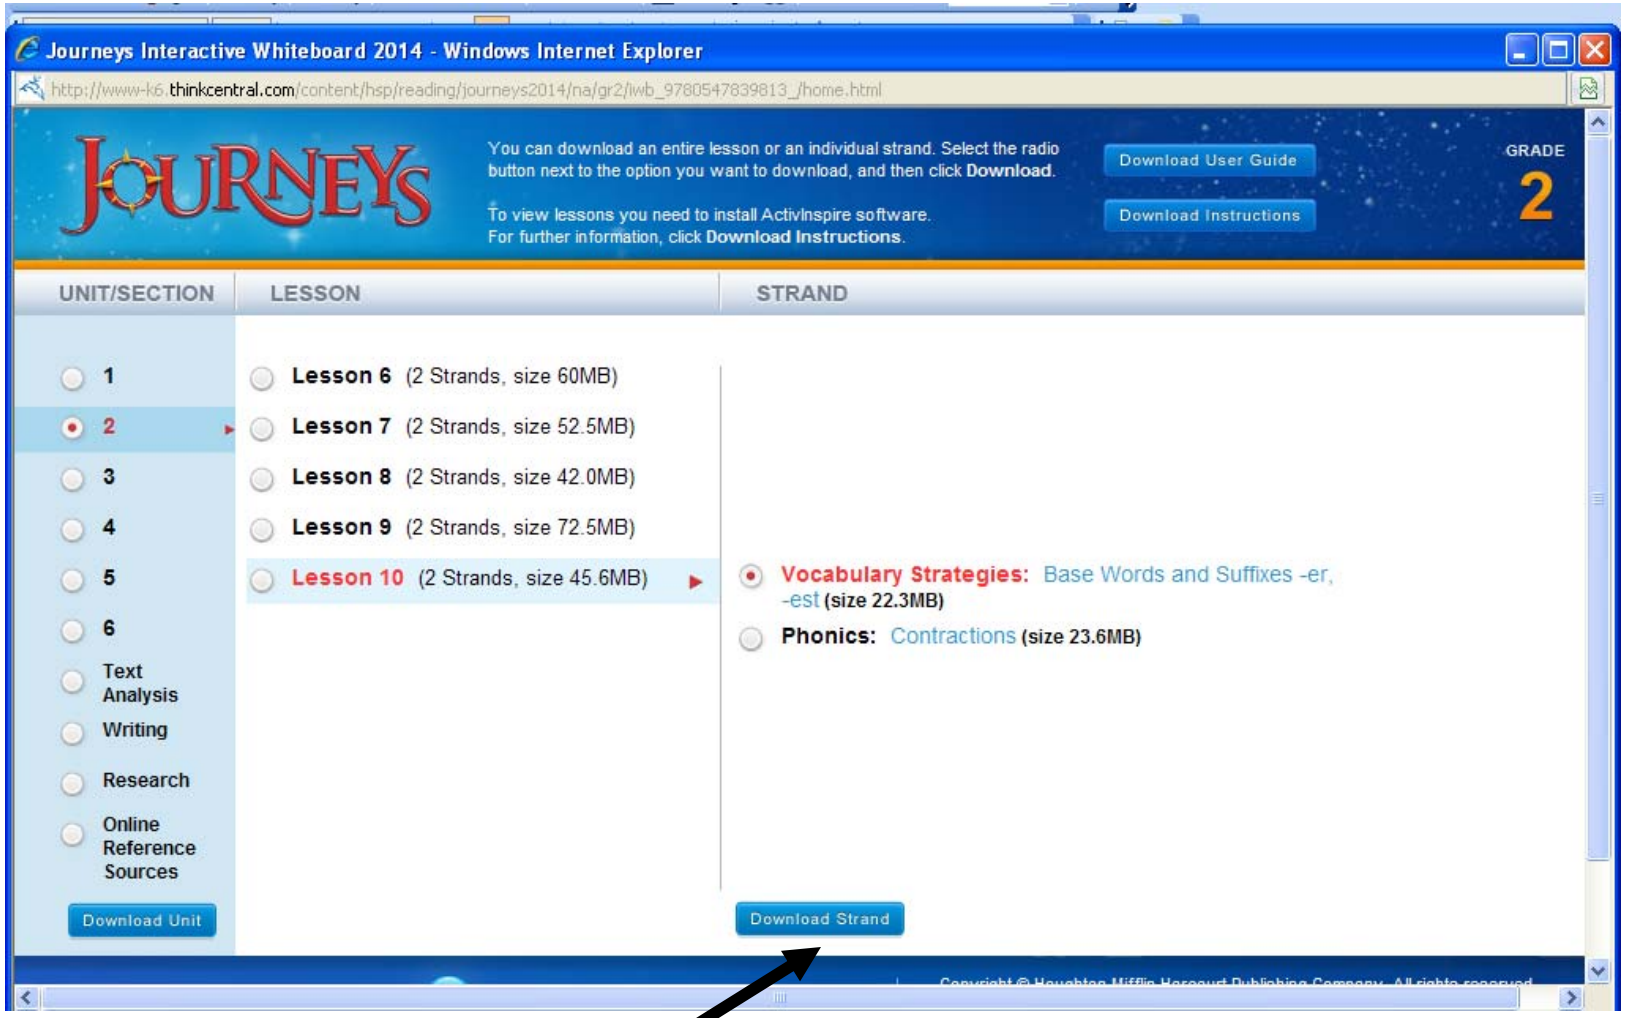


Click in circle to select



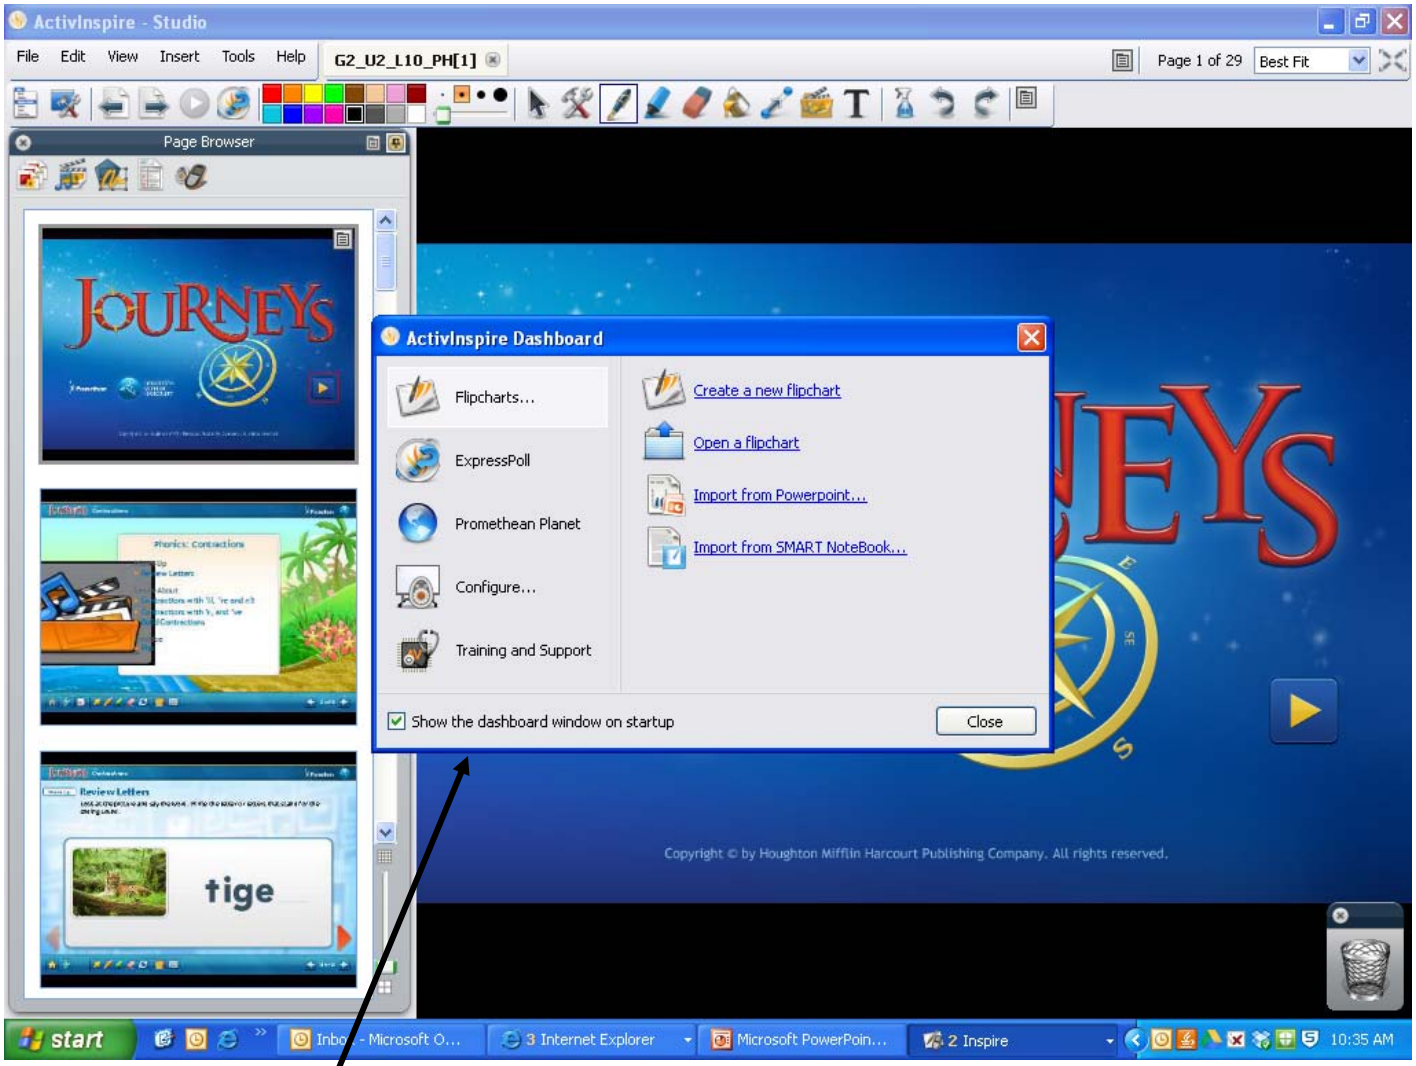
Download Unit

Download Lesson



Download Strand

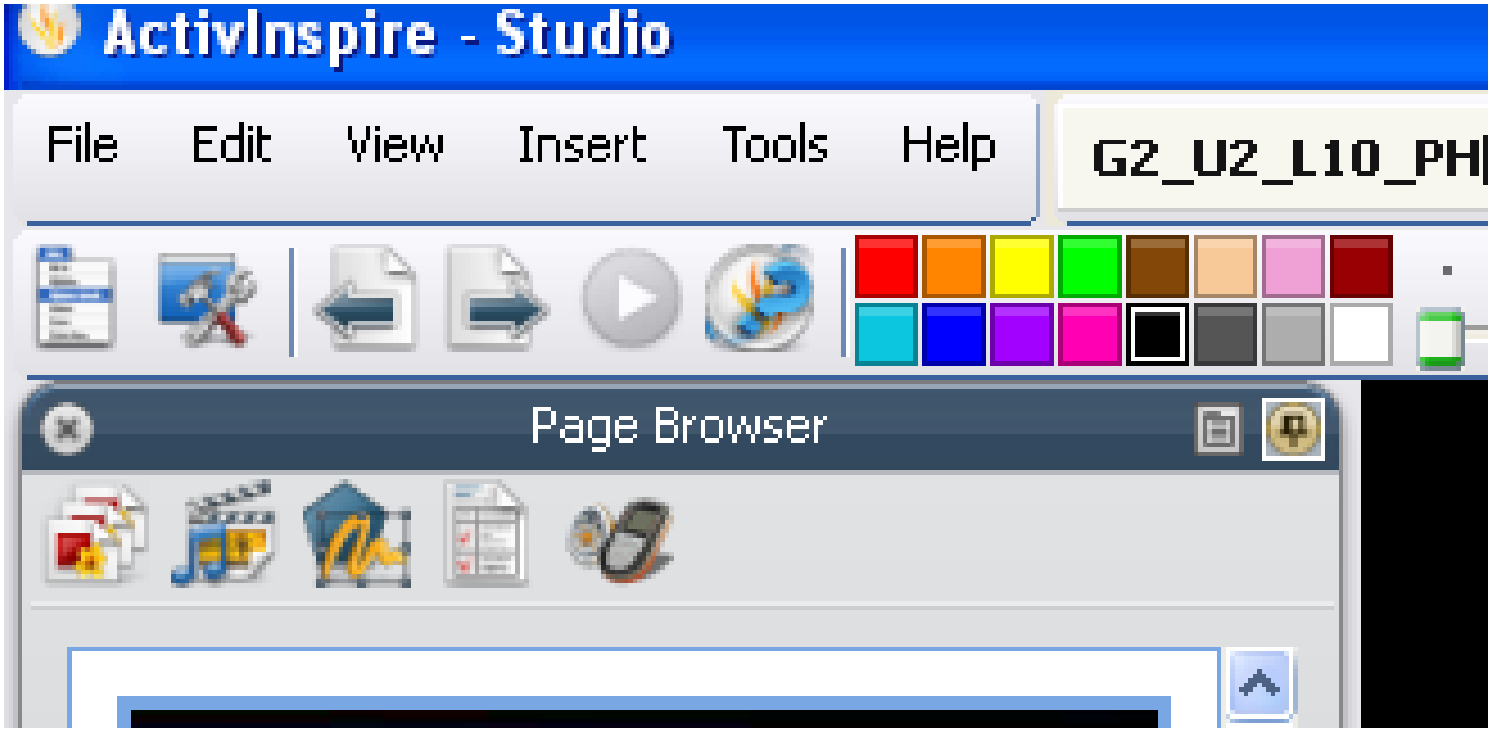
- After making your selection – click Download
  - For this example I am downloading a strand
  - You will be asked to Open or Save the file
  - If all you want to do is browse the lesson – you can choose Open
    - If you decide you want to save the lesson after viewing – just click File and save to your U drive (or a flash drive)



If you use the ActivInspire choice – this is what you will see

You can close the dashboard window .

If you uncheck the box – The dashboard won't open each time



If you click the little push pin icon – it will move the Page Browser window to the far left so you can see a full view of your lesson. Clicking on the icon again (located at the far left) will bring the window back

If you use the ActivInspire choice – this is what you will see

- Click on the arrows to proceed thru the lesson
- Use the arrow icon to select (just like Notebook)
- Use the pen icon to write on board

The following slide has the ActivInspire icons IF you should use that download choice.

Home Return to the Main Menu.

Teaching Tips Access the **Teaching Tips** PDF for that particular screen.

Teacher Resources Open the **Teacher Resources** PDF, which contains all teaching tips info, learning objectives and CC State Standards.
